

Jaruwatana Sodai Lotharukpong

Doctoral Researcher · Evolutionary Genomics · Bioinformatics · Developmental Biology

Max-Planck-Ring 5, 72076 Tübingen

✉ jlotharukpong@tuebingen.mpg.de 📞 0000-0002-3475-0980 🌐 GitHub

Education

Ph.D. in Bioinformatics

Max Planck Institute for Biology Tübingen

Tübingen, Germany

2021 - current

MPhil. in Zoology

University of Cambridge

Cambridge, UK

2020 - 2021

B.Sc. in Biological Sciences

Imperial College London

London, UK

2017 - 2020

Publications

Evolution of a distinct chromatin regulatory landscape in brown algae

Vigneau, J.*, Lotharukpong, J.S.*, Liu, P., et al. (*co-first authors)

Nature Ecol. & Evol.

March 2026

A transcriptomic hourglass in brown algae

Lotharukpong, J.S., Zheng, M., Luthringer, R. et al.

Nature

October 2024

Uncovering gene-family founder events during major evolutionary transitions in animals, plants and fungi using GenEra

Barrera-Redondo, J., Lotharukpong, J.S., Drost, H.G. et al.

Genome Biology

March 2023

A highly contiguous genome assembly reveals sources of genomic novelty in the symbiotic fungus *Rhizophagus irregularis*

Manley, B.F., Lotharukpong, J.S., Barrera-Redondo, J. et al.

G3 Genes|Genomes|Genetics

March 2023

Additional Articles

Flexible paths to multicellularity

Lotharukpong, J.S. & Coelho, S.M.

Nature

February 2026

Phylogenetic discordance and genic innovation at the emergence of modern cephalochordates

Lotharukpong, J.S., Laumer, C.E. & Benito-Gutiérrez, E.

Preprint

October 2025

Research Experience

Ph.D. Thesis

Evolutionary transcriptomics in brown algae

Prof. Susana Coehlo & Dr. Hajk-Georg Drost (Max Planck Institute for Biology Tübingen)

Tübingen, Germany

2021 - current

Master's Thesis

Genome assembly, phylogenetics and comparative genomics in cephalochordates

Dr. Christopher Laumer & Dr. Elia Benito-Gutiérrez (University of Cambridge)

Cambridge, UK

2020 - 2021

Bachelor's Thesis

Minimal biophysical model for spore germination

Prof. Robert Endres & Harry Cavanagh (Imperial College London)

London, UK

2020

Intern Student

In vivo transdifferentiation in *C. elegans*

Dr. Mark Hintze & Dr. Michalis Barkoulas (Imperial College London)

London, UK

2019

Skills

Languages

English, Japanese (working), Thai (working), German (working), Russian (basic)

Programming Languages

R, Bash

Markup Languages

Quarto, LaTeX

Biology

Molecular cloning, transgenics (*C. elegans*), microinjection (*C. elegans*)

Awards

PhD symposium best short talk

Issued by Max Planck Institute for Biology Tübingen

Tübingen, Germany

2022

Howarth Prize

Academic excellence in the field of Plant Sciences

London, UK

2020

2018 Biological Sciences 1st Year Prize

Issued by Department of Life Sciences, Imperial College London

London, UK

2018

Dean's List (Year 1)

Issued by Department of Life Sciences, Imperial College London

London, UK

2018
